 - An aperitif in music thanks to the group Djoukil who will share this moment with us. It's the beginning of the Rainbow evening, the evening of all colours, with an aperitif Swing and a Swing meal for all, with what everyone will have prepared to eat or drink. An ideal place to share an aperitif in front of the sunset and continue dancing under the stars (take good shoes, jacket, headlamp... even if it is only 10 minutes walk)

And we continue:

- Saturday: Grand Bal Swing at 9:30 pm at the congress hall with Djoukil. Demo of the participants and teachers. Theme of the evening: Rainbow
- Sunday July 16: Tea Party after classes and dismantling of the floor at Bellecôte.

The magic of parquet flooring for our Ballroom

The pleasure of dancing on a floor. This year, we are once again lucky to have the convention hall where we are installing a floor.

For those who will be there from July 7 to 14, please help us to install this floor.

Rendez-vous 14h00 in the congress room.

We have a challenge! Last year, we did everything in just two hours... a record to beat!

The dismantling of the floor will take place on Sunday at the end of the course. It will be followed by a tea Party, a moment of conviviality before saying goodbye.

Courses and planning

On July 8, classes will start at 1:30 pm.

Throughout the weekend, you have access to the lindy hop classes of the level you registered in and to thematic classes to test other dances:

Balboa, Charleston, Blues, but also themes that our teachers concoct for you...

You are free to choose the "other dances" among those offered. You do not need an additional registration.

During the first classes, we offer you a little label where you can write your first name because knowing the people you dance with... it's still more fun.

Planning La Plagne Swing from July 8 to 14

Program of the week's classes:

This year, you are a group of about thirty people during the week, which again gives us the opportunity to build courses as close as possible to everyone, as last year!

This year, we will offer you 2 course formats:

- The first will take place in the mornings and in large groups, with Solenn & Zouky
- The second will take place in the afternoons, in half groups with Peter & Chloé or Solenn & Zouky alternating.

Note: Monday will be the exception, you will have 2 classes of 1h30 in a large group, with each couple of teachers (classes will only take place in the afternoon).

Every evening, your teachers will review the situation together (and with you!) to build the next day's program as close as possible to your requests and needs.

Here are the course schedules:

- Basis of principle: 10:30-12:00 = large group course / 17:00-18:30 = half group course

We give ourselves the freedom every day to discuss the next day's schedules with the group. This opens up the possibility of doing a hike together, for example!
